

Organization Endorsement for
Peaslee Neighborhood Center's
Equitable Development Rubric

[Organization mission statement]

shares Peaslee Neighborhood Center's hope for an inclusive and diverse Cincinnati with a fair distribution of resources, opportunities, and quality of life. We support policies and practices that advance affordable housing, living wages, meaningful community engagement processes, and development that serves our communities before private interests.

The Equitable Development Rubric lays out a plan for the City of Cincinnati to ensure that public development incentives and subsidies are only granted to projects that help to advance justice and fairness in our communities.

[Organization] endorses the Equitable Development Rubric as a framework to:

Create equity standards

Transparently evaluate projects based on measurable actions and commitments, with an emphasis on housing affordability, jobs and labor, and community quality of life.

Require equity standards

Grant subsidies and incentives *only* to projects that earn high equity scores.

Enforce equity standards

Monitor compliance with projects awarded subsidies and ensure that incentivized projects are held accountable.
